

We would like to acknowledge significant grants from the Planetary Society and the Mt. Cuba Astronomical Foundation contributing to our efforts with NEO follow-up.

Our FAST Team would like to apply for membership with IAWN.

We agree with the objectives in the  
Statement of Intent  
for Participation in  
the International Asteroid Warning Network

and accept the existing set of coordination  
roles among the various existing NEO network facilities and agree to a policy of free and open  
exchange of all data submitted to the network
