

Saint-Louis, France, February 1st, 2023

Dear Dr.Tim Spahr and IAWN Steering Committee,

On behalf of the amateur observatory K19-PASTIS managed by myself, Christophe Demeautis. I express here my intention to join the International Asteroid Warning Network (IAWN).

The K19-PASTIS site provides since 2019 measurements of NEO, but it's especially since the middle of the year 2021 with its new equipment, a telescope CELESTRON RASA 11" + CMOS ZWO 6200, that the site is specialized in the follow-up and the discovery of NEO.

Having to my credit the discovery of 9 NEO in 14 month, I think I join well the spirit of the IAWN.

I declare that I have read the charter and the statement of intent of the IAWN and understand the obligations of the members.

Sincerely,

Christophe Demeautis
