

Dear IAWN Steering Committee,

I am writing to express my interest in joining the International Asteroid Warning Network (IAWN). My name is Teerasak Thaluang, representing Akin Observatory (MPC-O51) in Rayong, Thailand.

The primary objective of O51 is to contribute the observations data for NEOs and Comets to MPC since 2022. My observatory is equipped with the 0.2m f/4 telescope and already upgraded to 0.26m f/5 (SCA260) right now for reaching to magnitude 20 mag.

I have read the IAWN Charter and Statement of Intent and understand the obligations of the members.

Best regards,

A handwritten signature in black ink, appearing to be the Thai name 'ธีระศักดิ์' followed by a period.
